Corrective actions must be taken for any violations (deficiencies) identified on Part B of this report.

Part B Requirements and/or Recommendations

1. If you have any questions concerning this report, please contact the Federal Motor Carrier Safety Administration, at Niels Bohr Ct., Suite 204, San Diego, CA 92154 and contact Jose Tello at 619-710-8435.
2. This review will result in a Safety Rating.
3. Conduct periodic internal reviews of your driver qualification, hours of service control, maintenance, accident analysis/reporting, training, and other safety systems to ensure continued compliance with the FMCSR.
4. A complete Educational and Technical Assistance package entitled " A MOTOR CARRIER'S GUIDE TO IMPROVING HIGHWAY SAFETY" is available free on the FMCSA website to assist you in complying with the safety regulations. It contains many forms and documents useful for improving the safety of your operations. Check: www.fmcsa.dot.gov/factsfigs/eta/index.html.
5. For questions about DOT numbers or biennial updates: 800-832-5660 or 703-280-4001
For questions about licensing, authority or MC numbers: 202-366-9805
For questions about insurance: 202-385-2423
For household goods complaints: 888-DOT-SAFT (888-368-7238)
6. The Division Administrator/State Director will continue to consider preventability when a motor carrier contests a proposed safety fitness rating. The motor carrier may deem that the recordable accident rate is not a fair means of evaluating its accident factor 6 on the Compliance Review. If so the motor carrier must submit the

compelling evidence within five calendar days to:

Terry Wolf

1325 J Street Suite 1540

Sacramento, CA. 95814

Compelling evidence should include (but is not limited to) official police accident reports and official insurance accident investigation reports.

7. Notice: Recurring violations of the same or related acute or critical regulations (violations of the same Part in Title 49, Code of Federal Regulations) that result in three enforcement actions within a six year period will cause the maximum penalties allowed by law to be assessed for the third enforcement action.
8. Notice: On October 1, 2005, the FMCSA published a final rule revising the hours of service regulations for commercial motor vehicle drivers. Under the new rule, driver may drive 11 hours after 10 consecutive hours off-duty, but may not drive beyond the 14th hour after coming on-duty. Similar to existing rules, drivers may not drive after being on-duty for 60 hours in a seven-consecutive-day period or 70 hours in an eight-consecutive-day-period. This on-duty cycle may be restarted whenever a driver takes at least 34 consecutive hours off-duty. A short haul provision was also added allowing drivers of property carrying CMV's which do not require a Commercial Driver's License for operation and who operate within a 150 air mile radius of their normal work reporting location are not required to keep records of duty status (RODS).

Carriers and commercial motor vehicle drivers are required to comply with the current hours-of-service rules through September 30, 2005. Compliance with the "new" regulations is mandatory for carriers, except passenger-carrying

**Part B Requirements and/or Recommendations**

operations, beginning on October 1, 2005. Passenger-carrying motor carriers and drivers are not subject to the new maximum driving limits. For more information on these regulations, please access the FMCSA website at <http://www.fmcsa.dot.gov/>.

9. All motor carriers and truck drivers are needed to fight against terrorism and hijacking. You could be a target. Protect yourself, your trucks, your cargo, and your facilities.

Discuss with your employees/drivers the "Security Measures for Truck Drivers and Companies" which were provided and reviewed with motor carrier official.

10. Ensure that all drivers are fully and properly qualified before operating in interstate commerce. Maintain a complete file as required for each driver, documenting the qualification process.
11. Ensure you have a means of indicating the nature and due date of the various inspection and maintenance operations to be performed.
12. • Understand Why Compliance Saves Time and Money: Compliance with FMCSRs will not only save lives, but also saves your business time and money. Tracking how much your business spends on non-compliance activities can help you understand the many benefits of compliance to your business and why safety is good business.
 - Document and Follow Through on Action Plans: Document and follow through on action plans to ensure the actions you are taking are creating improvement in safety management and compliance.
 - NOTICE: A pattern and/or repeated violations of the same or related acute or critical regulations (violations of the same Part in Title 49, Code of Federal Regulations) will cause the maximum penalties allowed by law to be assessed under Section 222 of the Motor Carrier Safety Improvement Act of 1999 (MCSIA). A pattern of violations means two or more violations of acute and/or critical regulations in three or more Parts of Title 49, Code of Federal Regulations discovered during any eligible investigation. Repeated violations means violation(s) of an acute regulation of the same Part of Title 49, Code of Federal Regulations discovered in an investigation after one or more closed enforcement actions within a six year period and/or violation(s) of a critical regulation in the same Part of Title 49, Code of Federal Regulations discovered in an investigation after two or more closed enforcement actions within a six year period.
 - NOTICE: 49 CFR Part 391.23 requires prospective employers to, at a minimum, investigate a driver's employment information, crash record, and alcohol and controlled substances history from all employers the driver worked for within the previous 3 years.

The Pre-Employment Screening Program (PSP) is a screening tool that assists motor carriers in investigating crash history and roadside safety performance of prospective drivers. The PSP allows motor carriers to purchase 5 years of crash data and 3 years of roadside inspection data from the Federal Motor Carrier Safety Administration's (FMCSA) Motor Carrier Management Information System (MCMIS). Records are available 24 hours a day via Web request. Motor carriers should visit the following website for more information:

Safety Fitness Rating Explanation

This report lists the facts which were used to determine the Safety Fitness Rating for the above motor carrier. Federal and State violations are combined for rating purposes. However, only the federal or federal equivalent section number is shown below. A check mark identifies the range within which the data fell when determining the Safety Fitness Rating. All information within a FACTOR block relates only to that FACTOR.

FACTOR 1	General (CFR Parts 387, 390)	√ 0 Point = Satisfactory
VIOLATIONS AFFECTING RATING	POINTS	1 Point = Conditional
NONE	-----	>1 Point = Unsatisfactory
TOTAL POINTS: 0 = SATISFACTORY		

FACTOR 2	Driver Qualification (CFR Parts 382, 383, 391)	√ 0 Point = Satisfactory
VIOLATIONS AFFECTING RATING	POINTS	1 Point = Conditional
